

LANE EQUITY COALITION KICKOFF

Why a coalition?

There are significant inequalities in our health and education systems which affect people of color, people with disabilities, those experiencing poverty, and those in the LGBTQ communities. These systems are difficult to change without a coordinated effort.

Who are we?

The Equity Workgroup of the Community Health Improvement Plan (CHIP), a collaborative effort between Lane County, PeaceHealth, Trillium, United Way and community organizations.

Why now?

This is a very exciting opportunity! Our public and private agencies in Lane County have committed to work together with the community to address systemic inequity.

Why should you come? Because...

- You care about equity and you are working to make our community a more equitable and welcoming place to live.
- You want to meet others who care about equity and think about ways we can work together.
- You want to learn about this new coalition and how you can become a part of it.
